DEDICATION

MR. SANFORD

Mr. and Mrs. Sanford, retiring counsellors of Democracy and Portia, respectively, have watched hundreds of students walk through Northeastern's doors, and after three years of their counselling, friendship and guidance, proudly march out again, this time with diploma in hand. So it is to this devoted couple, for their many years of service to Northeastern High School, that we, the graduating class of 1956, dedicate our yearbook, the Crucible.

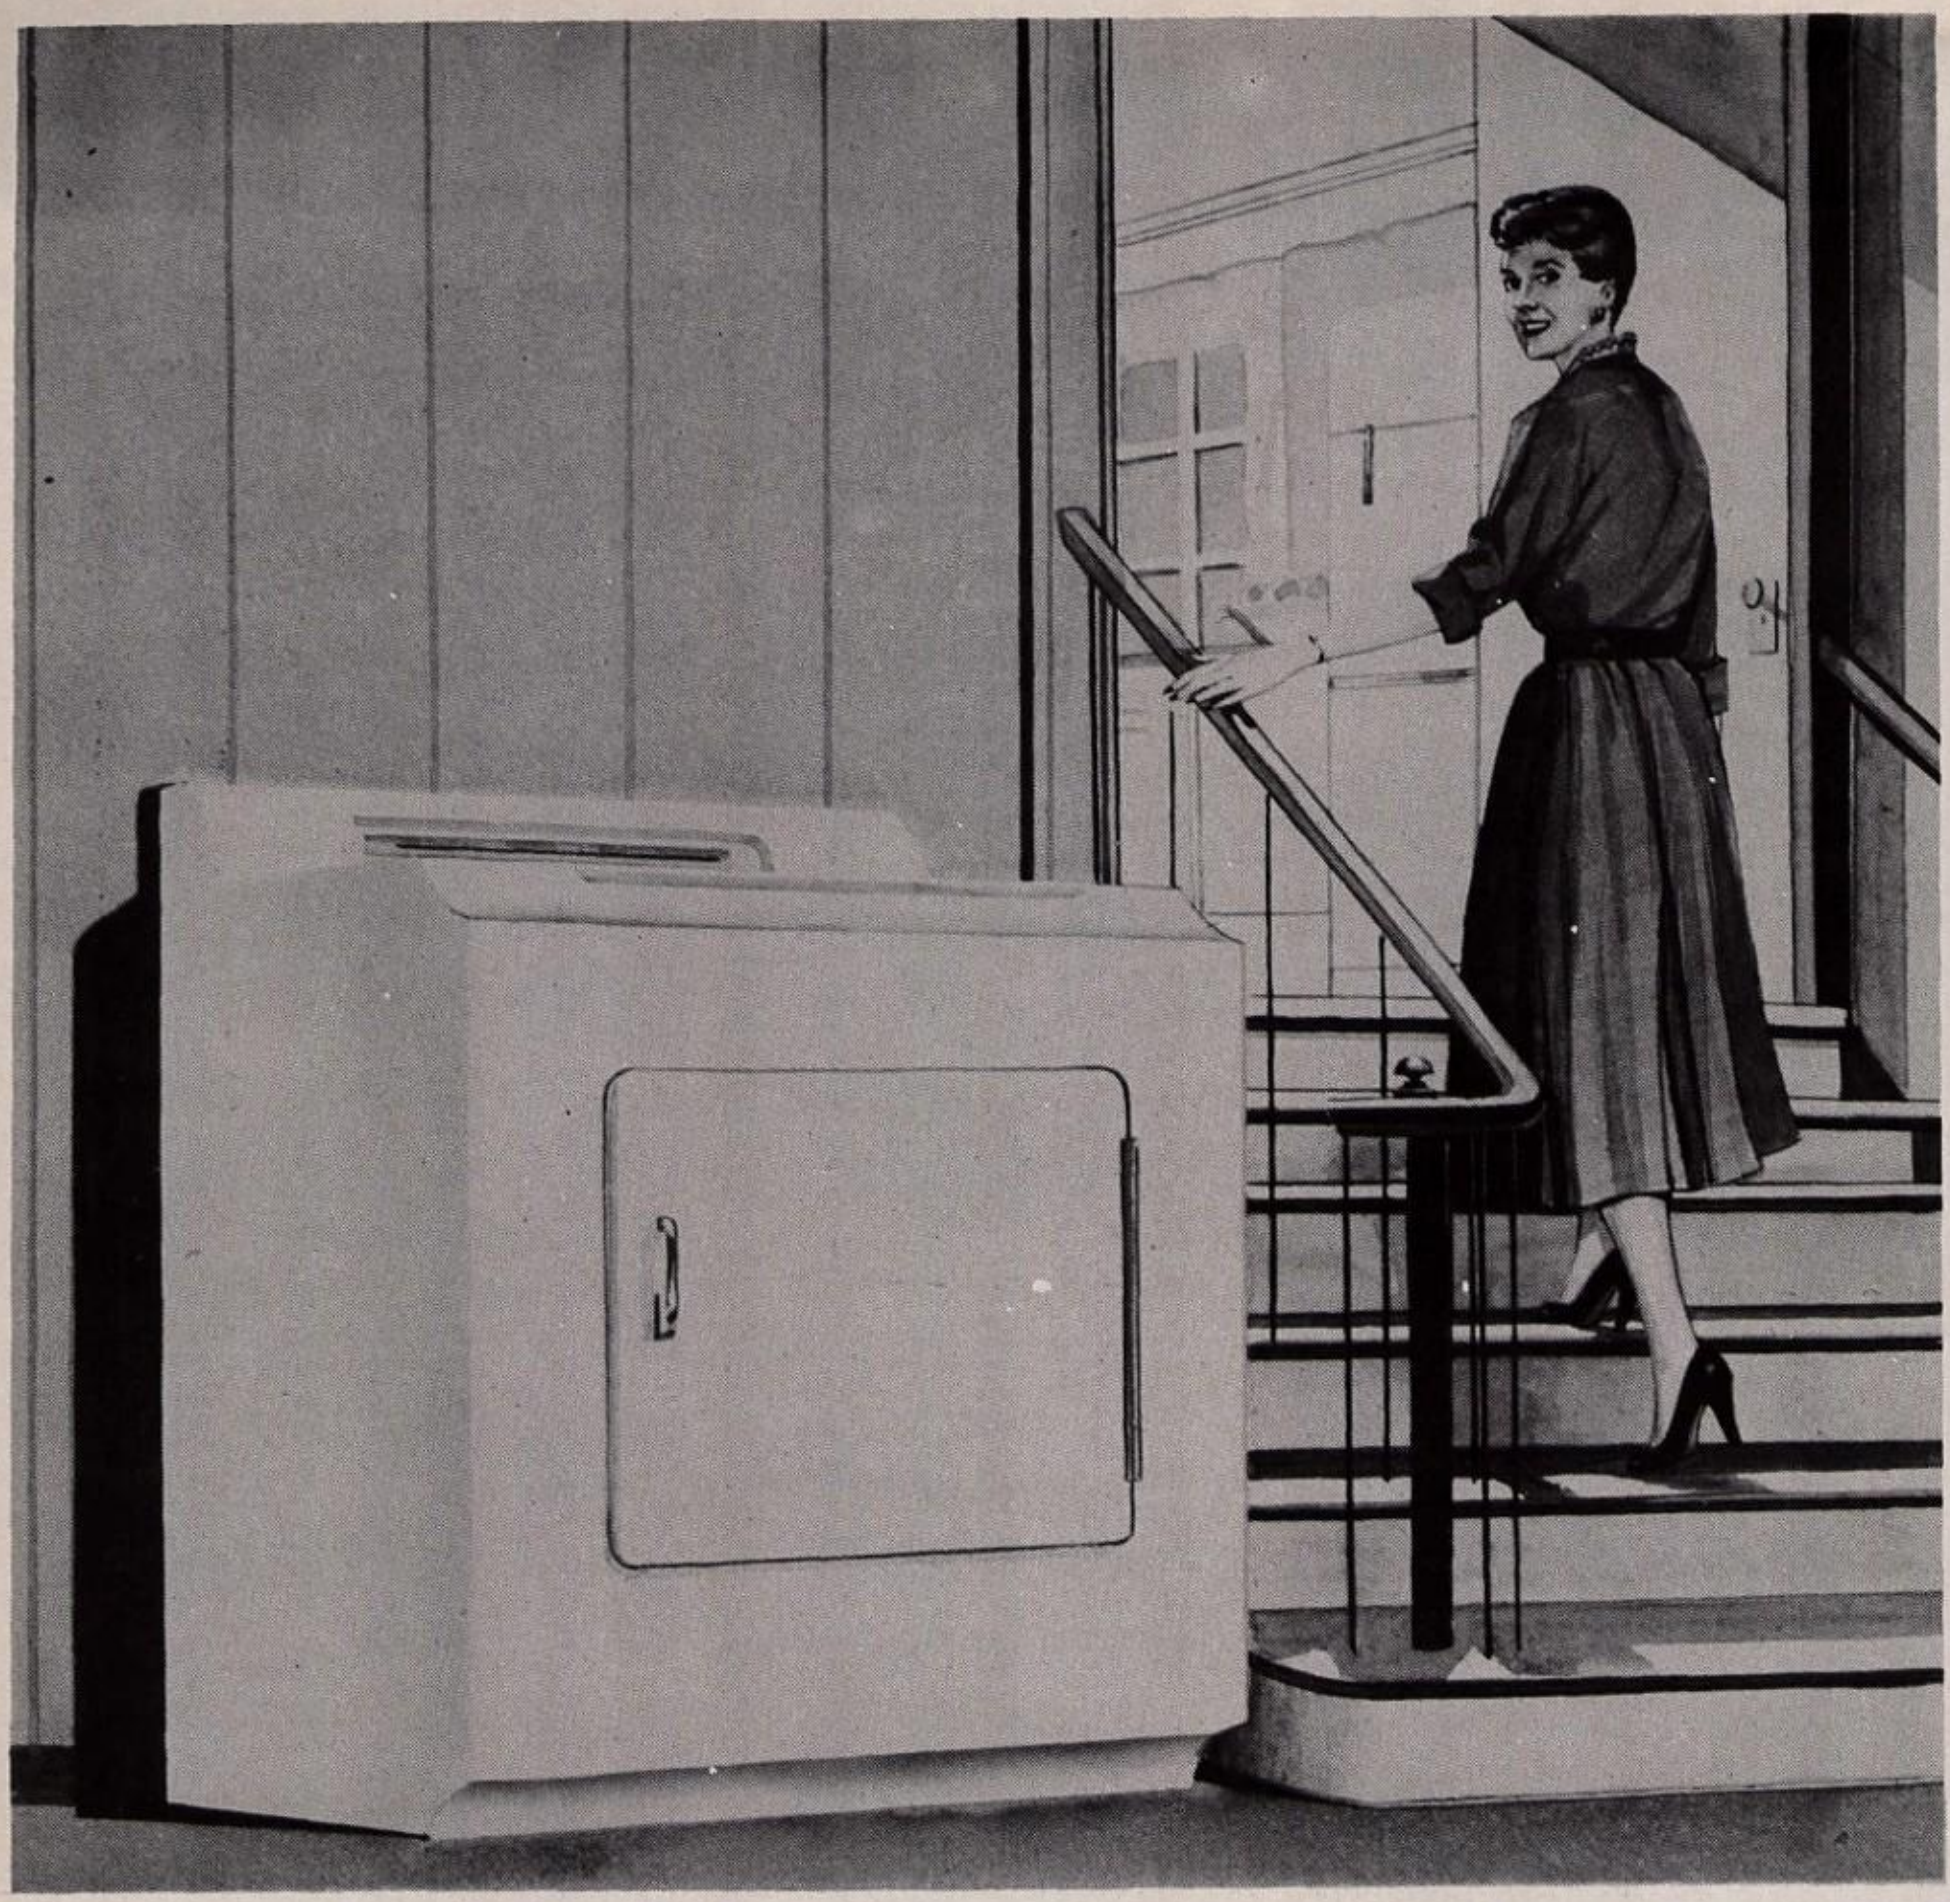
MICHIGAN CONSOLIDATED GAS COMPANY

Serving 800,000 customers in Michigan

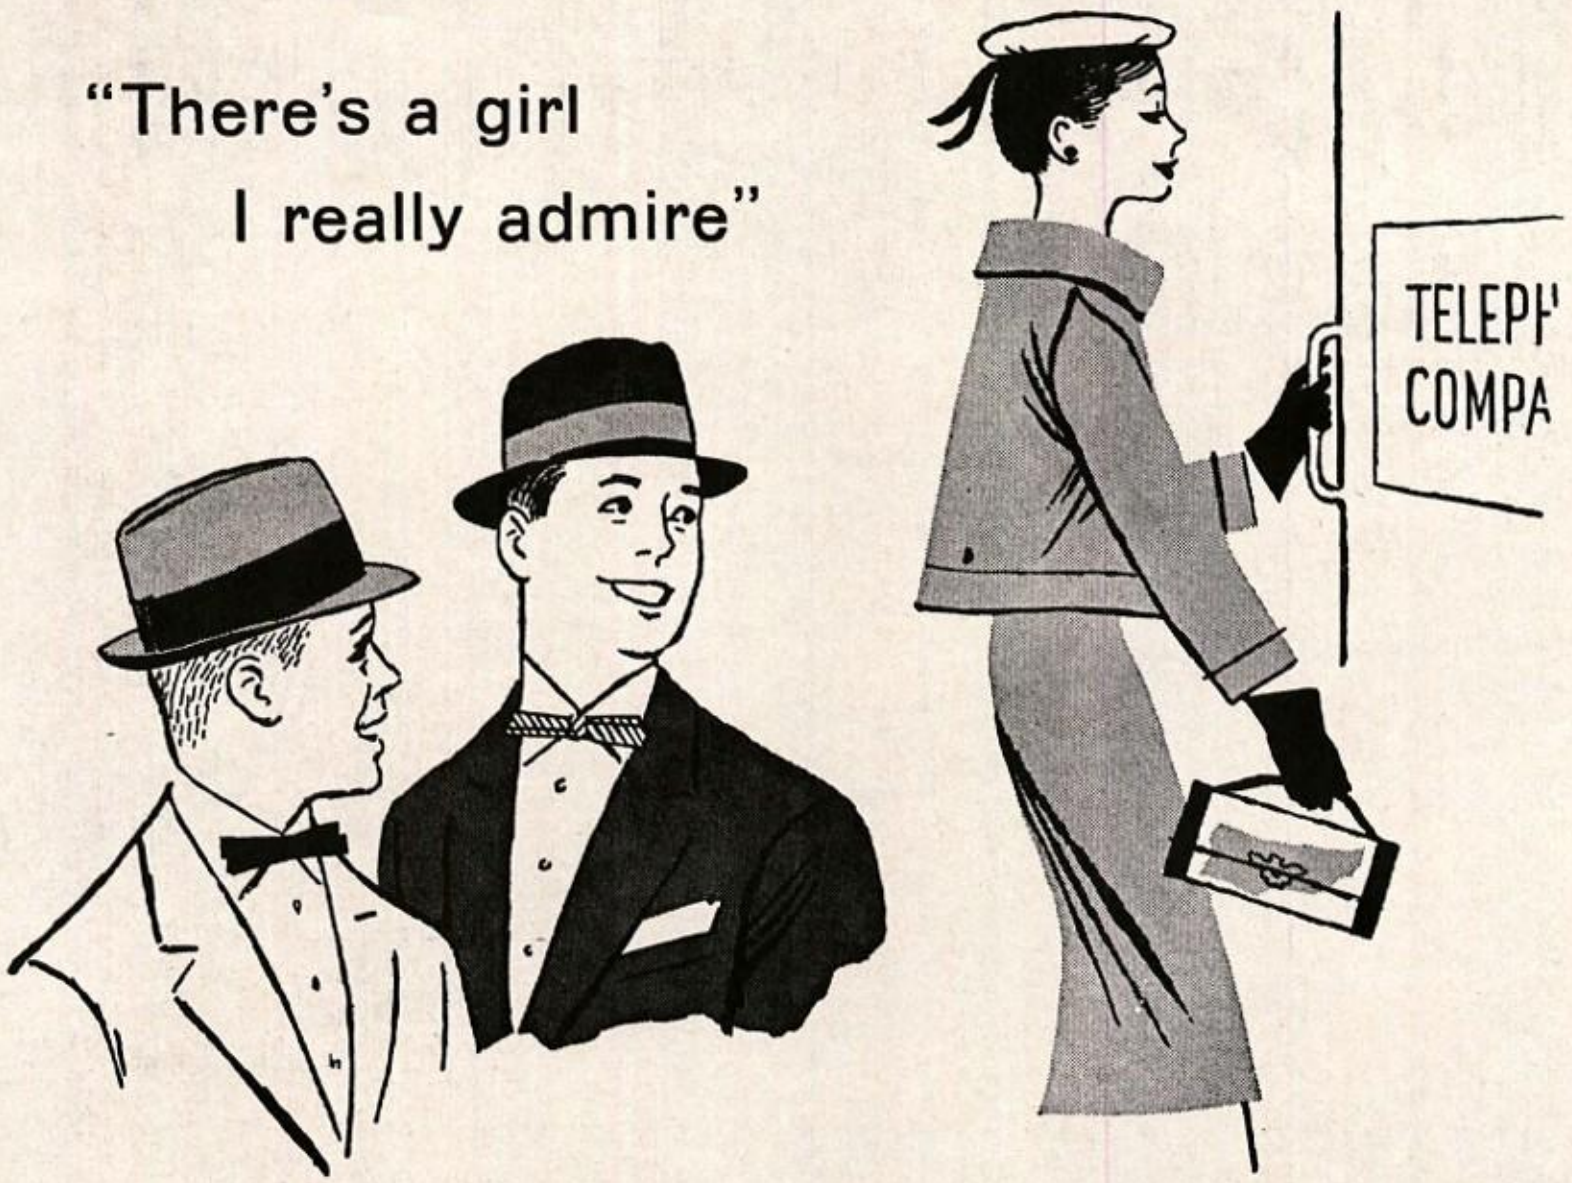


it's "touch and go" these days

There's little lingering in the laundry anymore. The washing is disposed of the automatic electric way. Set washer or dryer dial and away you go . . . to other jobs . . . even out of the house.

And the interesting thing is, by the time you change from Miss to Mrs., automatic electric work savers will have made your life more than ever "touch-and-go."

DETROIT EDISON



You'll hear that remark many times about telephone girls. Most people recognize that girls who work for Michigan Bell are not only attractive, but also smart and useful citizens.

When Jean started her job, she had no telephone experience. But she was trained with other beginners by friendly, understanding supervisors. Today she's proud of her work; enjoys a fine salary, vacations with pay, regular wage increases, and many new friends.

Jean was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled midmorning and midafternoon "breaks" for relaxing in comfortable lounge rooms. And she found the company thoughtful and considerate in so many ways, such as sending girls home in taxis when they worked the late evening shift.

Telephone work offers many advantages! Why not get in touch with us now? Find out more about the interesting jobs from which you can choose after graduation—customer representative, telephone operator, accounting and clerical work.
